Blackpool Rangers	2	<p>Team News: Ryan Matthews again absent and Lee Brambles school trip and James Wilson also unavailable due to Rossall School commitments. We welcome back trio Peter Rumley, Paul Evans and Jack (JR) Newsham all unavailable in last weeks rout against Wyre Juniors.</p>
Warton Typhoons	2	
Team	Goals	<p>As early as the 6th min it was GOAL ACTION as Rangers was awarded a penalty when from a Matthew Berry corner the ball spun out to the edge and when Peter Rumley hit the ball goal wards an outstretched hand from Warton defender give the referee no hesitation what's so ever in pointing to the spot ,up stepped the ice cool penalty king Berry to send the keeper the wrong way.(1-0)</p> <p>Battles arose across the park but cancelled each other out with Ben Duffield next to have a chance when he eluded his tight marker to unleash a 20 yarder which whistled past the far post.Warton had chances themselves but never really came to anything with the well marshalled defence of Witter ,Bethell Smith and the superb Jack Newsham.</p> <p>On the half hour mark Rangers nearly and should of doubled there lead when Paul Evans fires in a peach of a ball to the on rushing Rumley who blazes over from 10 yards.</p> <p>Duffield again went close when he fired wide after great approach play from Scott Anderson and Matthew Berry, Warton had the ball into the net but an offside from the ever reliable linesman (gaz) flagged before he finished past Victor Porter. Duffield just before the interval flattened the keeper but it was his mommmmentum(kept going)that lifted the keeper off his feet....I told you I couldn't spell it Graeme ...lol</p> <p>Half Time 1-0</p> <p>As the management from Rangers where giving there half time pep talk a familiar face (kath) was seen collecting loose dog hair from around the pitch to enhance her hobby of stuffing cushions with dog hair, you can have your favourite dog face on the cushions so if you fancy buying any of these gifts for Christmas or birthdays please contact kath.)</p> <p>After being seen by Kath collecting the dog hair I was off like a FLASH..... play resumes and Rangers was again out of the stalls the quicker when Rumley fires inches wide. GOAL ACTION on 50 mins when a rare mistake in defence allowed the Warton striker to pounce and fire past the outstretched Porter into the bottom corner.(1-1).Loads of activity around both boxes but failed to come to anything.</p> <p>GOAL ACTION on 68 mins when an inspired Paul Stoney whipped an fantastic corner in to the unmarked Berry to head home into the top corner.(2-1) a change for Rangers bringing on Alex Dunkerley who within minutes fired in a perfect cross for the unmarked Marshall Maggs who some how missed from a yard out .Rangers wasn't fluent today but created chances and had a enough of them to put the game to bed, however as usual a lapse in the concentration levels allowed GOAL ACTION again for Warton who first effort hit the bar and what seemed eternity to react the Warton striker pounced with minutes remaining to stab the ball home.(2-2)</p> <p>Summary: Great rewards from today with some players playing in unusual positions and coping extremely well with them, Rangers need to work harder off the ball and give the EASY ball when other players are in better positions, otherwise a satisfactory result against a well organised Warton team.</p>

<p>Came up with the goods when required putting a fantastic pen away and glancing in an unstoppable header from a corner ,mattys box of tricks never really come off today but his football did and was inspirational in the vast majority of Rangers attacking options.</p>
